---Save the day with Super why at PBSKIDS

<https://pbskids.org/superwhy/games/super-why-saves-the-day/>

--- See if you can turn the computer on and off by yourself. Remember the steps we've practice---Menu, Power, Shut Down (With parental supervision)

---Count the number of screens in your house! Computers, Smart Phones, Tablets, TV's, ITouch, Do you think it's a lot or a little? Is it more than 10?

Second Grade ---EASTER MONDAY OFF---Go outside and play! do something nice for a sibling or help around the house!

----Go to PBSKIDS and play a problem-solving game. Once you play a feelings game, feel free to explore the other games on the site.

<https://pbskids.org/games/problem-solving/>

---Build a bridge with the Cat in the Hat

<https://pbskids.org/catinthehat/games/bridge-a-rama>

---Try a new learning game on Room Recess. Play one educational game <https://www.roomrecess.com/pages/23.html>

---Play ABCYA. See if you can find a game you've never tried before and try something new!

Third Grade- --- EASTER MONDAY OFF---Go outside and play! do something nice for a sibling or help around the house!

---Use Microsoft Word to write a short story. (NO Weapons, blood, violence or bad words). The story should have at least 7 sentences. This will be a rough draft that we will build upon later. Story ideas: Holiday fun, vacation, a birthday, a story about their life or school, sports or hobbies. Share your rough draft with the teacher at kbenkert@corpuschristisaints.org

---Try a new learning game on Room Recess. Play one educational game <https://www.roomrecess.com/pages/23.html>

---Spend at least 10 minutes on a Facetime, Skype or Zoom with a friend, neighbor or family member and try videoconferencing. (With parental supervision and approval---May not be possible at some houses and that's ok!)

---Listen to an education podcast like Noodle Loaf or But Why: A Podcast for Curious Kid

Fourth Grade---EASTER MONDAY OFF---Go outside and play! do something nice for a sibling or help around the house!

---Students should begin a rough draft of a presentation of about new technology or a STEM topic in Power Point. Students should plan this as rough draft we can build on later. Come up with 5 facts to include in your presentation. Ideas for topics include: 3-D printers, virtual reality, lasers, how medicine is made, how bridges work, why do volcanoes erupt, dinosaurs, how do we get sick, how do phones work, etc . Share your presentation with the teacher on Dojo or email.

---Spend at least 10 minutes on a Face time, Skype or Zoom with a friend, neighbor or family member and try videoconferencing. (With parental supervision and approval---May not be possible at some houses and that's ok!)

--- Watch video about Digital Etiquette on Brain Pop and then take the quiz. Email me or Dojo me what you get on the quiz and anything you learned.
<https://www.brainpop.com/technology/digitalcitizenship/digitalaetiquette/>

---Write a letter to your friends on Word. Letting them know how you are doing since the last time you were together. Share with Dr. B if possible. (Only an option if you have Microsoft Word).

Fifth Grade--EASTER MONDAY OFF---Go outside and play! do something nice for a sibling or help around the house!

Bible Verse Mini Project:

1. Look up Bible Verse Online
2. Type Verse in a Word Document
3. Add an online picture that represents that verse to you.
4. Type up what the verse means to you personally at the bottom with your name---All italicized
5. Follow these format instructions:

Font Size-24, any dark font color, any font style that is easy to read.

---Listen to an educational Podcast. Your choice...Pants on Fire or Tumble or What if World or one of your choosing. And let me know what fun thing you learned!

---Go to PBSKIDS and play a problem-solving game. Once you play a feelings game, feel free to explore the other games on the site.
